

2010-2011 SBCERA CONTRIBUTION RATES

EFFECTIVE JUNE 19TH

The San Bernardino County Employees' Retirement Association's (SBCERA) member contribution rates are set annually. The new rates are effective June 19, 2010*. Any changes to the rates are based on annual financial studies conducted by independent actuaries.

Your contribution rate may or may not have changed. Use these charts to determine your contribution rate for Fiscal Year 2010-2011. Be sure to use your appropriate entry age, i.e. your closest age when you began working for your employer permanently or your entry age from another public pension system with which you have previously established reciprocity.

GENERAL EMPLOYEES' CONTRIBUTION RATES		
Effective June 19, 2010*
